Work Experience

FEB 2025 - PRESENT

Senior Product Designer | EngageRocket Pte Ltd

- **Owned End-to-End Feature Design:** Sole designer responsible for delivering new product features from concept to launch, translating complex requirements into intuitive user experiences.
- **Led Cross-Functional Collaboration:** Partnered closely with product managers, engineers, power users and stakeholders to define problem statements, shape product direction, and ensure solutions aligned with both business goals and user needs.
- **Overhauled Design Language System (DLS):** Revamped and scaled the design system to streamline workflows, improve design consistency, and accelerate delivery of designs.
- **Championed Design Quality & Efficiency:** Implemented scalable design processes, design review rituals, and documentation practices, increasing delivery speed and improving collaboration across teams.

AUG 2021 - JAN 2025

Interaction Designer | Accenture Song

- **Led Design Team:** Successfully managed a team of 2 designers, collaborated with cross-functional teams, and ensured design consistency, enhancing overall project coherence and design standards.
- **Balanced User Needs and Business Goals:** Integrated user needs and business objectives into design concepts, translating complex systems into simple, intuitive user experiences.
- **Communicated Design Concepts Effectively:** Utilized storytelling techniques to effectively communicate design concepts and user flows to stakeholders through both verbal and visual presentation
- **Implemented Effective Design Processes:** Established structured processes for design reviews and client interactions, fostering continuous communication and streamlined decision-making, resulting in improved design efficiency and team performance.

AUG 2019 - AUG 2021

UX Designer | Minitheory Pte Ltd

- Led design projects and facilitated stakeholder workshops to gather requirements, understand pain points that translate into design requirements.
- Conceptualised and communicated design objectives through user flows, wireframes, mockups and prototypes.
- Worked closely with developers and marketing teams to design applications that fit technical and business requirements.

JUN 2018 - AUG 2019

Regional Expansion Manager | Qourier Pte Ltd

- Designed processes to enable business growth across all customer segments. From acquiring new users, to onboarding Merchants, to driver incentives, and business development.
- Responsible for helping to launch and grow Qourier in expansion markets across Southeast Asia.

DEC 2016 - JUN 2018

Marketing Executive | Qourier Pte Ltd

- Wrote and proofread creative copy for all marketing collaterals, including prints, social media, emails and website.
- Developed a growth strategy focused on optimizing generation of leads and customer satisfaction.

JUL 2016 - SEP 2016

UX Researcher Intern | Piktochart

- Interviewed users to understand their needs and help translate those to design recommendations.
- Conducted market research to understand competitors for improvement of product.
